Have You Seen Him?
You will know him by his Trade Mark—he carries it with him. He's the Knocker on Baldwin's Honey. He is the one that would steal from you by selling you adulterated goods if he had a chance. Baldwin's Honey is Pure and Delicious. Ask your Grocer for it. If he won't sell it to you Baldwin will.

Foundry Would Locate Here.

Baxter capitalists with a desire for local investment have an opportunity to finance a foundry and machine shop. All they would have to do would be to take \$30,000 in stock in a company to be capitalized for \$50,000, donate a site, and take over the plant of the Swan machinery company, of Joplin, for the balance of the stock. The present managers of the Swan machinery company would conduct the business, moving their plant over here. This, in substance, is the proposition recently presented to the Baxter Commercial Club by the Swan machinery company. On Monday a committee of the Commercial Club composed of President E. C. McWilliams, G. E. Rucker, T. Connor and E. Wright went to Joplin to look over the plant. A Commercial Club meeting was to have been held Tuesday night to listen to a report from the committee but Doug Morgan's shows captured all the members and so the matter is still pending.

Real Estate Transfers

C. C. Sparlin has sold his beautiful home on the east end of River street to C. M. Meyers, recently from Kansas City. Mr. Meyers is engaged in mine operations at Lincolnville and will reside in his new purchase. The property sold for \$3,000. Mr. Sparlin bought the Apple estate the residence owned by the late Samuel Apple on South street two blocks west of Military paying \$2,500 for the same. Squire Hodgkins has sold to C. S. Baker, of Carthage, the east half of the block west of that in which the new Perkins garage now building, is located. Consideration \$2,500. It is reported that Mr. Baker expects to build a garage on the property. The price paid is considered abnormal and not the level placed for fixing prices on other vacant property if sales are expected.

How Catarrh Is Contracted.

Mothers are sometimes as thoughtless as to neglect the colds which their children contract. The inflammation of the mucus membrane, at first acute, becomes chronic and the child has chronic catarrh, a disease that is seldom cured and that may prove a life's burden. Many persons who have this loathsome disease will remember having had frequent colds at the time it was contracted. A little forethought, a bottle of Chamberlain's Cough Remedy judiciously used, and all this trouble might have been avoided. Obtainable everywhere.

Harry Harris is in Kansas City on business.

Mrs. J. E. Vincent of Miami visited with her sister, Mrs. L. L. Cardin Tuesday.

Mr. and Mrs. George Braum of Galena were Baxter visitors Sunday.

Notice to Real Estate Men—My seven acre property at Lowell is off the market. H. Cox.

Hart Schaffner and Marx suits and over coats made to order to your individual measurements. Over 500 patterns from which to make your selections.—Leader Mercantile Co.

Edwin Newport of Fairland, Okla., visited with his friend, Albert Flint, Monday and Tuesday.

Mrs. Lou Love, of Galena, Kan., will preach at the Friends church next Sunday at 3:30 p. m., and at the Baxter Mission Sunday night at 7:30 p. m.

Miss Isadore Harvey, of River-ton, and Morris Rosel, of River-ton, married Saturday Sept. 30, by Rev. Hoopingarner at the parson.

School Notes.

The school had a fire drill last week the students getting out of the building in two minutes. This is good time for three hundred seventy two.

The Parent Teachers Association has had gas lights installed in the halls, office, and high school assembly room. These lights have been needed for a long time and we sure are glad to get them.

The 7th grade had a picnic Friday at the re-union grounds. Their teacher Miss Rowe going with them.

There will be a meeting of the Parent Teachers Association next Tuesday at 7:30 p. m. at the school house. All parents are asked to attend so that they may cooperate with the teachers. There will be a program given by some of the grade pupils.

The Junior class of the high school went on a picture taking expedition Friday evening. Those who attended are Misses Maude Stephens, Grace Morrison, Jesse Callis, and Messers John Browne, Ralph Pfremmer and Russel Earls.

The Freshmen class had a picnic out at the re-union grounds Friday. Games were played and the party came home along the river. Miss Hazel Goodwin chaperoned and the Freshmen had a fine time.

The Senior class had a fine time Friday night at a spelling bee given at the Pleasantville school house. After the spelling was over the party motored to Galena and had chili. The Seniors got back about 12 o'clock, not bad for Seniors. Those who attended were Misses Marie Covey, Doris Swalley, Viola Schlooman, Tulsa Barnes, Grace Gaines, Helen Dively, Georgia Allen and Messers Jack Paul, John Browne, James Fithian, Burton Covey, Ralph Pfremmer. The party traveled in Covey's truck, Miss Hazel Goodwin chaperoning. It was pretty cold riding but even at that some of the students had the time of their lives.

Friday seemed to be picnic day, even the eighth grade going on a picnic. The eighth grade left the school house at 4 o'clock and walked out to the re-union grounds. Mr. Barrett, the eighth grade teacher, chaperoned the party. Nearly the whole eighth grade attended.

Seeks Office of Sheriff.

Theodore Hatton of Columbus, Republican candidate for sheriff of this county, was in Baxter Monday renewing acquaintanceship with old friends and introducing himself to new voters. Hatton believes that anything worth having is worth asking for, so not only is he endeavoring to meet personally as many men and women as possible before election, but also advertising generously in the papers. His likeness will be found in this paper on page 4. In the primaries Mr. Hatton secured about as many votes as all his opponents combined. He attributes a large part of his success to newspaper advertising, which he declares is not only a much cleaner method of campaigning than passing around cheap cigars and other bribes of the old sort, but also more effective, since his appeal for support goes with the paper into the home where the whole family may read and discuss the subject.

Notice to Voters

The registration books are now open at my office and will be open until Friday, October 27, 1916, inclusive.

O. M. SPRATT, City Clerk.

Noah Harwell, colored, age 57, died at his home in Baxter Springs last Wednesday. He leaves a wife and three sons. The funeral was held Saturday.

READY FOR BIG CELEBRATION

The Antis and Their Friends
Will Own Baxter for Two
Whole Days.

The A. H. T. A. days in Baxter Springs have for years been the most enjoyable holidays of all the year, the time when all people living within twenty miles of the city come to Baxter to spend two days having a good time, watching the races, taking in the numerous amusements and best of all meeting and visiting with old time friends. In a large way the Anti Days takes the place of the old Reunion that flourished here for several years.

This is the week for the big gathering. It will begin at noon Friday and continue right through till midnight Saturday. Several new features have been added to this year's program.

Particularly enjoyable will be the band music, the best heard in Baxter for many years. The committee in charge of the entertainment has secured at a large expense, the celebrated Shriners' Band of Pittsburgh. The players will come Friday and will be with us clear through the celebration, giving concerts on the street. Also we will have with us Doug Morgan's show band, with a repertoire of mighty snappy music. Morgan's celebrated show will also be here to amuse the people.

Friday night will be carnival night—a rollicking good time for all. Prizes are offered for the most comically attired person, man or woman. There will be all kinds of characters, such as Happy Hooligan, Topsy, the Katzenjammer Kids, Mutt and Jeff, Charlie Chaplin, Etc., and at 9 o'clock following the band concert they will all form a procession and march through the streets.

Another attraction that will create more fun than a box of monkeys will be the Ford race for which Jaqueth & Gilman offer a special prize. The cars must be driven three blocks and in the middle of each block and at the street crossings driver must stop his car and crank up. Hood will give a special prize for the best appearing Buick car in the parade.

Much attention has been given to prizes for school children from the districts in the neighborhood of Baxter Springs.

The ladies of the Presbyterian church will take care of the inner klan at the chicken dinner which they will serve at the church on Saturday from 11:30; for 25c a plate.

After Speed Fiends.

Marshall Horton is hopping right after the speed fiends and the auto owners who refuse to park their cars on the business street according to rules. He declares he has just begun his arrests if speeding doesn't stop. And The News commends his stand. Speeding and reckless driving must stop. If the justices were to assess guilty parties a bit heavier it would help some.

Watch for the All

Steel Motor Car. S. P. Shafer expects to go to Macon, Mo., within the next few days and drive back one of the new All Steel motor cars for demonstration purposes. People who are in the market for a car had better wait a few days and see the All Steel car before they buy, for it is some car.

E. K. Brown went to Kansas City Tuesday night.

Madame Rappold would not sing with a Talking Machine

Can you imagine Madame Rappold of the Metropolitan Opera appearing in public and singing with a talking machine? Of course you cannot. Madame Rappold is one of the world's greatest artists. She would not prostitute her art in that way.

SHE DOES SING WITH The NEW EDISON

At Carnegie Hall, New York's inner shrine of music and elsewhere, before 35,000 people, in the aggregate, she has stood beside the New Edison and sung in unison and in comparison with Edison's Re-Creation of her voice, and the music critics of America's leading newspapers concede that Edison's Re-Creation of her voice is indistinguishable from that wonderful voice as it comes from her own golden throat.

Not a Talking Machine

The New Edison is not a talking machine. It is the world's most wonderful musical instrument. We want you to hear it.

A SAFE Practical Plan

In all our experience and study of this subject, and it has been considerable, we have never heard of any method for systematically adding to one's accumulation and protecting the lump sum until large enough for an investment and for use as one passes through the twilight zone of life that has the practical, usable features to be found in our

Bank Account Plan

Come in and let us explain the elements in this plan—especially the ones that have a particularly "worth while" value for value.

**The
Baxter National Bank**

WE ARE A MEMBER OF THE FEDERAL RESERVE BANK

A Real Man

It is pretty hard to assert your independence and defy the world, when you have an empty stomach and an empty pocketbook. If your bluff is called, then what?

The prudent man who has saved a little, who has a reserve at the bank to tide him over a month or two, isn't so afraid of sickness nor such a coward about being out of a job. A bank account is a stimulant to real manhood. The larger the account the firmer the footing. It breeds self-confidence, is a proof of efficiency, and an ever-present resource in time of need. It's not what a man earns in a year, that gives him a surplus at the bank, it's what he saves.

OURS IS THE ONLY BANK IN BAXTER SPRINGS IN WHICH DEPOSITS ARE GUARANTEED.
